THE SILVER ROOM

Designed by Hush founder shareholder Evgeny Lebedev and menswear designer Jsen Wintle, the intimate setting of *The Silver Room* provides an elegant surrounding for this quintessentially British Afternoon Tea experience.

The room was inspired by the glamour of 1930's ocean liner dining rooms, with soft polished and burnished features; antiques without being old; textural and tactile, with silk and wool fabrics on the chairs, and pure silk blinds. The pale burnished mural was hand painted and site specific, used to create soft movement and calmness. The pair of gates on the wall are from the 1920's, whilst the chandelier is hand blown and from Venice.

Relax and enjoy a decadent British tradition in this haven in the heart of Mayfair.

HUSH GIN

Distilled in London, Hush's bespoke Mayfair Boutique Gin is lovingly created to be enjoyed in everything from our molecular cocktails to a simple, exquisite G & T. It is, of course, the main feature of our *Gin & Jam Tea* cocktails, where it is paired with jams created exclusively for Hush by *Wendy Brandon*, who has been making handmade jams and preserves in the UK for over 30 years.

Created by Hush Bar Director, Pedro Solorzano, this special gin features more unusual botanicals of Jasmine lotus, tonka beans and lavender alongside the typical gin elements of lemon peel, grapefruit and juniper.

*Hush Gin is available to take home for £35 a bottle,
or enjoy a Hush Cocktail Kit featuring two of Hush's classic cocktails for £30*
